

Automatic Air Vent Cast Iron Type

Model GA 905 – Made by Zurn

Parts list:

- 1) Body : Cast iron A126 Class B
- 2) Cover : Cast iron A126 Class B
- 3) Gasket : Armstrong CS-301
- 4) Orifice : 316 Stainless Steel
- 5) Float arm : 316 Stainless steel
- 6) Leverage bracket : 316 Stainless Steel
- 7) Orifice button : Buna-N
- 8) Spring pin : 410/420 Stainless Steel
- 9) Float ball : 316 Stainless Steel

10) Cap screw : 18-8 Stainless Steel

- 11) Lockwasher : 18-8 Stainless Steel
- 12) Pipe plug 1/2" NPT : Steel (Commercial)
- 13) Cover bolts : Steel Grade 2
- 14) Coiled spring pin : 302 Stainless Steel
- 15) Bushing : Steel (Commercial)

16) Pipe plug 1/4" NPT : Steel (Commercial)

Type	Valve (Inlet)	Valve (Outlet)	Overall Dimensions			Weight (lbs.)
			A (Length)	B (Height)	C (Width)	
GA 905	1/2" NPT 3/4" NPT 1" NPT	1/4" NPT	4"	5-1/2"	3-3/8"	5

Function:

-Discharging air from heating and air-conditioning systems.

Operating conditions:

-Working pressure :

- 10 to 150 psi with 3/32" orifice (Standard)
- 10 to 200 psi with 1/16" orifice (Optional)

-Maximum venting rate @ 150 psi : 14.7 SCFM
@ 200 psi : 8.5 SCFM

Features:

- Automatic vertical air vent valve based on a float system
- Body rated 200 psi WOG & tested to 300 psi

-Float tested to 1000 psi
